

INTRODUCING MULTI GROUP INC.

Comprehensive Rail Industry Expertise

Locomotive & Wagon Parts

- Batteries, braking systems, traction motors
- Refurbished wheel-sets and switch rails

Security & Systems Integration

- CCTV, access control, visitor management
- X-ray machines, metal detectors, fiber optics

Full-Service Solutions

Consulting, procurement, warehousing, distribution, training and commissioning

About Us

MULTI GROUP INC is rooted in southern Africa with a foundation built on excellence, integrity, and innovation. Our name reflects our multi-faceted approach and commitment to developing international industries through dependable supply solutions.

We provide client-centric solutions tailored to meet specific operational goals and industry requirements, aiming to become one of the most highly recognized and reliable suppliers across countries.

Products & Services

We specialise in the distribution and installation of:

Railway & Locomotive

- Wagons and Wagon Spares
- Locomotive and Railway Parts
- Repairs and services
- Training

Refurbishment of:

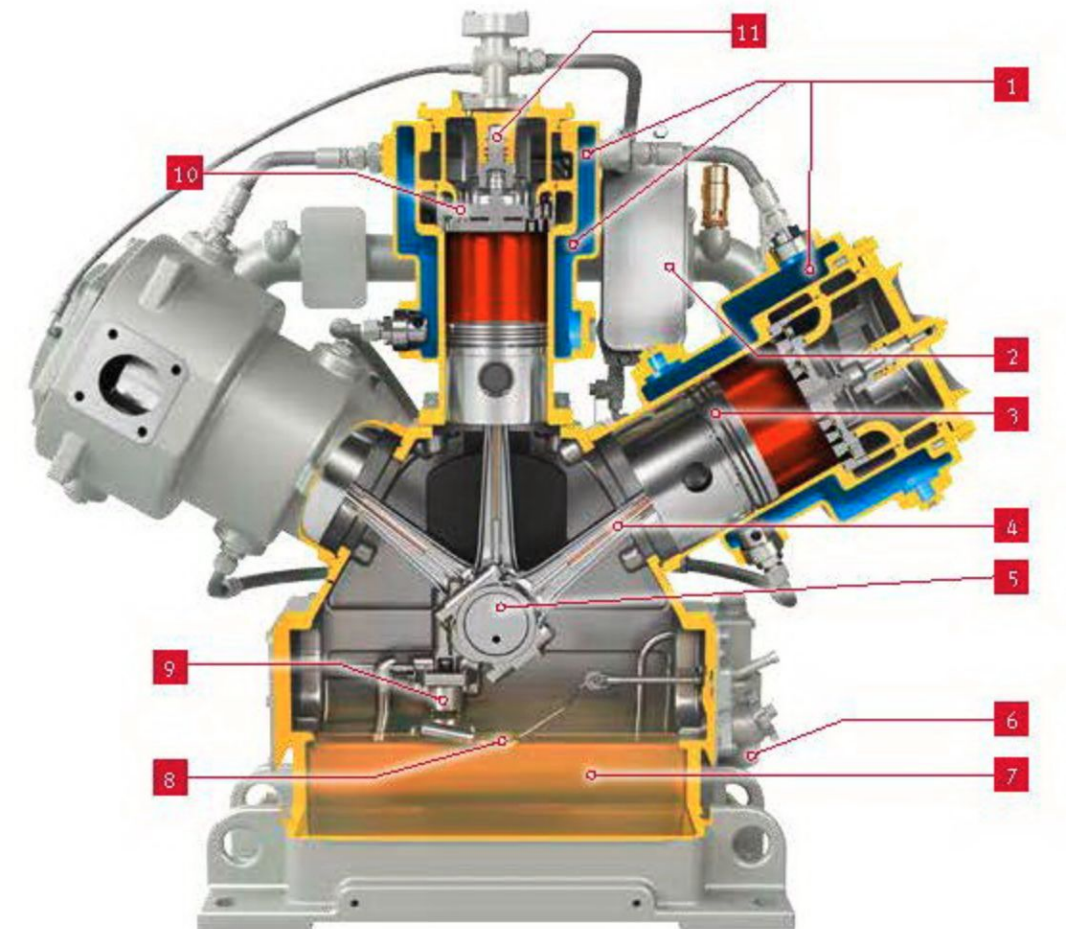

- Braking Systems
- Compressors
- Traction Motors
- Electronic Components

Mechanical Components

- Industrial tools
- Equipment parts
- Gear assemblies
- Valves & water components

Training

- Braking Systems
- Compressors
- Traction Motors
- Electronic Components

Security & Fire Solutions

- CCTV Systems
- High Security Locking Systems
- Biometric Access Control
- Surveillance Infrastructure
- Alarms
- Fire extinguishers
- Fire Suppression Systems
- Fire Detection and Alarm Systems
- FRID Tracking of Rail Wagons

WAGONS AND WAGON SPARES

A comprehensive overview of our railway wagon product line and essential spare parts, featuring specialized designs for various transportation needs and critical components that ensure reliable performance.

COAL HOPPER WAGON

70t

Load Capacity

24.6t

Dead Load

120km/h

Top Speed

145m³

Volume

Our high-capacity coal hopper wagon is engineered for efficient bulk material transport with optimal load distribution and durability.

SLIDING SIDE WALLS WAGON

60t

Load Capacity

24t

Dead Load

120km/h

Top Speed

135m³

Volume

The sliding side walls wagon provides versatile loading and unloading capabilities, making it ideal for various cargo types requiring side access.

SLIDING ROOF COVERED WAGON

Our sliding roof covered wagon offers:

- Weather protection for sensitive cargo
- Easy top loading and unloading access
- Versatile cargo handling capabilities
- Robust construction for long service life

Designed for goods requiring protection from weather elements while maintaining convenient loading access from above.

GENERAL PURPOSE FLAT CAR

Versatility

Designed for transporting a wide range of cargo types including containers, machinery, and oversized loads

Durability

Constructed with high-strength materials to withstand heavy loads and harsh operating conditions

Adaptability

Features multiple securing points for safe transportation of various cargo configurations

BOGIES

Our high-performance bogies are the foundation of our wagon systems, providing:

Stability

Enhanced tracking performance even at high speeds

Load Distribution

Optimal weight distribution across axles

Suspension

Advanced dampening for cargo protection

COUPLERS

Essential Connection Components

Our heavy-duty couplers provide secure connections between wagons, featuring:

- Automatic coupling and uncoupling capabilities
- High tensile strength for heavy load towing
- Shock absorption to reduce train dynamics
- Standardized designs for compatibility across fleets
- Corrosion-resistant materials for extended service life

Market Coverage

We operate nationally across Southern Africa, servicing:

Public Sector
Government departments

Industrial
Sectors

State Owned
Enterprises

Private
Businesses

Educational
Institutions

Our flexible distribution model allows us to respond quickly and deliver efficiently across countries.

Let's Build The Future
Together
We are driven by
destiny – to uplift,
and empower.

We invite you to partner with MULTI GROUP –
your trusted supplier for success.
